Cantidad excesivo di UTV/ATV ta alarma organisacionnan ambiental

Limitacion di acceso den Parke Nacional Arikok a crea presion den otro areanan natural

“Nos tabata sa cu ora di cera parke pa UTV’s, e lo crea un presion riba otro areanan,” Gerente di Fundacion Parke Nacional Aruba, Natasha Silva a bisa Bon Dia Aruba. “Nos responsabilidad ta pa cuida e area cu nos ta maneja. Pero toch nos ta wak locual ta pasando pafo di nos area.”

E comentario aki ta basa riba e cantidad di UTV y ATV cu awor ta concentra riba terenonan mas limita, cu no ta cay bou maneho di ningun y hasta terenonan priva cu ta confronta daño, sin cu propietarioonan por haci mucho.

Proteha area patras di Tierra del Sol

“Nos tabata sa di aña pasa caba cu ta bay tin problema pafo di Parke. Como tal a formula conseho cu a bay pa Ministerio di Medio Ambiente pa anticipa e problemanan cu ta bay bin y kico por haci. Pero nos no sa si a haci algo cu e rapport. Dos siman pasa a entrega otro rapport pa e area patras di Lighthouse, pasobra tin un pida cu ta duna nos hopi dolor di cabes. Nos

ta wardando pa Gobierno haci algo. Pero no ta areanan cu ta cay bou nos maneho y nos no por haci nada. Nos por halsa nos stem pa naturalesa, nos ta traha rapport, duna conseho, nos kier percura pa hunto nos tur cuida naturalesa. Nos ta haci kico nos por,” Silva a bisa.

Aruba ta e unico caminda unda ta permiti pa e mashinnan aki por core riba caminda publico, Director Adhunto di Fundacion Parke Nacional Aruba Norman Kuiperi a ilustra. “Na Hulanda no ta permiti nan, na Bonaire no ta permiti ni pa yega drenta e parke nacional, Washington Park. Na Aruba ta un Minister of mas ta duna e permiso. E cosnan aki no ta traha pa caminda. Tur dia na Aruba tin accident cu e mashinnan aki. Un par di luna pasa, un di e mashinnan a pega den e seronan patras y takelwagen no por a saca e UTV. Ta e ATV di Parke mester a bay pa yuda. P’esey nos tin un ATV.”

Destruccion naturalesa

Den e caso di e mashinnan aki, e ta cay bou responsabilidad di Minister di Husticia, Norman Kuiperi a bisa. Y no ta di awor a alerta e Minister, sino ta un problema cu a mira di añanan atras y cada biaha ta bati alarma, cu e ta bay ta un problema. Andicuri tin un problema inmenso cu e mashinnan aki cu a destrui tur paden di e area. Y e doñonan di e mashinnan tin un solo meta cu ta saca mas placa posibel di e mashin, y nada mas. Nan interes no ta pa cuida naturalesa.

“Nan no ta worry. Patras di Tierra del Sol nos ta papiando cu Gobierno por nos por yuda mitiga e problema y e daño.” E problema di e area ta cu ta net eyan hopi parha protegi, incluso Shoco pero tambe Boebie ta traha nan neishi, den e tera. “Hendenan

toridadnan concerni tuma nota di tur locual ta pasa y sigur e destruccion cu ta tumando luga”.

Kuiperi ta kere cu e destruccion continuo ta lantando hende for di soño y den barionan cu tin molester, mas y mas ta cuminsa protesta y habri boca contra e UTV’s y particularmente e caravananan di UTV. “Nos speransa ta cu mas hende na Aruba cu ta contra e molester cu e mashinnan aki ta causa, lo vocifera esaki y cu Gobierno por fin ta realisa cu mester haci algo contra. Nos speransa ta cu el a sosode.”

Actividad popular

Di otro banda, no tin duda cu uso di UTV y ATV ta inmensamente popular memey di turistanan. Tin varios compania Arubiano cu ta ofrece tours cu ta aparece den e lista di top 15 den Caribe, y mayoria ta brinda e tournan cu UTV. ABC Tours Aruba, Dirtlover ATV Tours Aruba, Fofoti Tours & Transfers, Off-Road Evolutions Aruba ta den e top 15. Es mas, si busca riba Tripadvisor, e ultimo compania aki ta bende su mes, bisando cu “un di e formanan mas emocionante pa conoce Aruba ta pa no sigui e ruta familiar, pero pa haci uso di vehiculonan di tur tereno pa explora terenonan diverso. E compania aki, pero tur otro ta priminti e experiencia mas emocionante durante e estadia na Aruba. Si mester sigui lesa e comentarionan riba Tripadvisor, e ta obvio cu e usuarionan, cu mayoria ta turista ta gusta e experiencia.

Crusada di Palm Beach lo bira un rotonde ora DOW haya fondo

Crusada na area di Palm Beach a bin registrando basta accidente den ultimo lunanan y a bira un crusada peligroso. Na e momentonan aki, segun director interino di DOW a sigura, nan ta analisando e solucion na unda a keda conoci cu ta bay construi un rotonde.

Manera ta conoci, for di basta tempo – casi tres aña aproximadamente – e luz trafico di e area aki ta presenta problemanan tecnico, na unda cu accidentenan ta tuma luga keto bay, a pesar cu DOW a pone borchinan y luz pa precaucion. Pero e solucion aki te ainda no ta suficiente. Durante un conferencia di prensa siman pasa di DOW,

Bon Dia Aruba a puntra con a para cu e trabao di reparacion di e luz di trafico na e crusada aki. Director interino di DOW, Jossy Kock a informa cu nan ta wardando fondonan pa por traha e rotonde y alabes nan ta wak un otro opcion, cu por ta un solucion temporario, pa di e manera ey por evita mas accidente.

“Aworaki nos ta bezig cu un solucion temporal y manera cu esey lo keda cla, e ora nos ta bay implement’e”, Kock a expresa.

Di loke ta trata e solucion temporal, Kock no a duna hopi detaye. Pero si a afirma cu ta keda na parti di e departamento pa presenta un solucion pa asina evita cu mas accidente lo sigui tuma luga tur dia na e crusada aki.

Segun dos sentencia di hues, SKOA ta actuando contra ley

Minister demisionario di Enseñansa, Ciencia y Desarojo Sostenibel, Armando Rudy Lampe, diabierna ultimo a entrega un keho penal na oficina di Landsrecherche contra e rechspersoon di SKOA, contra Directie Onderwijs y contra funcionarionan cu tin di haci cu e caso di trahadonan di limpieza.

Mirando esaki, Bon Dia Aruba a haci un investigacion mas profundo tocante e caso specifico aki di trahadonan di limpieza, na unda for di aña 2015 e ex-minister di Enseñansa, Michelle Hooyboer a firma un M.B. (Ministeriële Beschikking) pa duna na tur e trahado di limpieza cu ta cay bao di SKOA e mesun status y condicion laboral cu un funcionario publico.

Dia 5 di februari di aña 2020 a tuma luga un reunion entre trahadonan di limpieza y director di SKOA, Anuesca Baly. Despues di esaki, Baly a duna un declaracion na medionan di comunicacion

na unda a trece dilanti e pregunta si ta berdad cu SKOA ta trahando contra ley; el a declara cu “absolutamente cu no, tur e pasonan a wordo cana. Den caso aki un M.B. a wordo firma door di minister di enseñansa anterior, Michelle Hooyboer y aworaki ta un continuacion di gobierno anterior”, segun Baly ta señala. Pa loke ta SKOA su banda, nan mester cumpli cu lo cual nan a haya como mandato di e minister di enseñansa anterior.

SKOA y 91 trahado di limpieza a dicidi di hiba Lampe – cu awor ta minister demisionario di Enseñansa – den dos ocasion dilanti Corte. Den e prome sentencia dia 6 di april 2020, e hues a rechasa nan peticion dunando Lampe e rason, pa motibo cu SKOA a bay contra ley y a duna e trahadonan di limpieza e status cu no por segun ley.

Den e sentencia hues tambe ta indica cu e costo di trahadonan di limpieza tin cu wordo paga via costo di operacion di SKOA y no den e post di

personal di SKOA. Akinan SKOA ta basa su mes riba articulo 31 di Landsverordening basisonderwijs (LvBO) cu ta dirigi solamente pa personal di SKOA y no pa trahadonan di limpieza. Segun hues, trahadonan di limpieza ta den servicio di SKOA a base di un contrato laboral di e Codigo Civil di Aruba (civielrechtelijke arbeidsovereenkomsten). Loke a hala atencion di Bon Dia Aruba ta e declaracion di Baly, ken dia 15 di februari di aña pasa, a declara publicamente cu SKOA ta basa su maneho di trahadonan di limpieza riba decreto ministerial di 2015 di ex-minister Hooyboer, cu no tin ningun peso legal, segun e prome e sentencia cu SKOA. Y 91 trahado di limpieza a perde den Corte dia 6 april di 2020.

Despues di e prome sentencia, SKOA no a cumpli cu e decision di e hues y segun Lampe a confirma na Bon Dia Aruba, te dia di awe nan a sigui paga e trahadonan di

limpieza via costo di personal y “SKOA ta nenga di haci e cambio”. Den un estado di derecho sano, e sentencia di un hues mester wordo cumpli pa cualkier persona y cualkier instancia.

E di dos caso, pa cual hues a duna sentencia di dia 17 di mei di e aña aki, SKOA ta bolbe hiba Lampe dilanti Corte na unda cu SKOA a bolbe perde. Hues a referi pa e sentencia di dia 6 di april di aña 2020, caminda cu e trahadonan di limpieza mester wordo paga bao costo di operacion di SKOA.

Di mesun forma, Lampe a afirma na Bon Dia Aruba ayera cu “e MB di 2015 no ta duna un base legal pa e pago haci. For di 2015 e gastonan haci no tin base legal y SKOA a acumula un debe enorme. First things first, cumpli cu sentencia di hues pa no sigui acumula debe.” Ademas el a indica cu “a actua deliberadamente contra ley y esey ta

castigabel”.

Manera el a informa diabierna ultimo, e debe acumula desde 2015 te dia di awe ta yega na 12 mion florin. Di mesun manera, el a indica cu e pagonan pa trahadonan di limpieza cu a wordo realiza mester tabata conforme ley y no bao di subsidio di salario, cu tambe tin personal di enseñansa cu a cay bao di dje.

Tur instancia cu ta ricibi placa di pueblo ta wordo controla door di Centrale Accountantsdienst y segun Lampe a expresa, ora nan a caba cu e investigacion, nan a entrega e proces verbal na Lampe, na unda el a dirigi esey na Landsrecherche pa cuminsa cu un investigacion penal.

Bon Dia Aruba tambe a purba tuma contacto cu director di SKOA, Anuesca Baly pa asina por duna e otro banda di e medaya, pero nos redactor no por a logra haya un contesta di su persona.

Por tuma nota cu entrada di impuesto ta menos halto na tanto 2020 como 2021, loke tin su splicacion den e situacion di crisis, unda 2020 tabatin dos luna y mey di funcionamiento normal di economia. Pa haya un mihor vista di e entranan pa e impuesto cu ta indicacion di actividad economico, nos a

reuni esakinan. Aña 2021 no tin ningun luna di economia na nivel normal pre-Covid, pero si ta mira un recuperacion durante e promer parti di aña, especificamente e ultimo lunanan. Esaki ta mira por rehemplo den entrada di impuesto di importacion y accijns, cu ta practicamente na mesun nivel cu 2020. Loonbelasting y BBO/BAVP ta indica ainda cu actividad economico y empleo falta pa yega na nivel ainda di tanto 2020 como 2019.

Aruba kedando atras den cooperacion di hospitalnan di e islanan den Reino

Februari ultimo, Aruba, Corsou, St. Maarten y Hulanda a duna luz berde den nomber di e islanan BES pa establece un cooperativo entre nan hospitalnan. Esaki pa por continua garantisar residentenan bon cuidu di salud y pa tene e gastonan cada bes mas grandi di cuidu di salud bao control. Mientras tanto, ta parece cu Aruba ta hopi dudoso riba e cooperacion aki compara cu e otro paisnan, segun un relato den e portal noticioso online, Curaçao Chronicle.

Kwartiermeester Freek Korver ta confirma e informacion cu hospital di Aruba, Dr. Horacio O. Oduber (HOH) ainda no ta participando pasobra nan tambe kier permiso y acuerdo di minister di Salud Arubano, actualmente Dangui Oduber. Esaki mientras otro hospitalnan ta tuma nan propio responsabilidad y na februari e ministernan ya a aproba e cooperacion

entre e hospitalnan, segun e relato di Curaçao Chronicle.

Ta importante pa nota cu HOH no ta cay directamente bao gobierno sino cu ta un fundacion. Sinembargo, director di e hospital, Jacco Vroegop ta kere cu gobierno tambe tin algo di bisa den e sorto di decisionnan aki. E ta rechasa reportenan cu Aruba a reduci cooperacion entre e hospitalnan di e islanan, pero ta informa cu HOH kier mas seguridad prome cu e ta bay retene suficiente control riba su propio hospital.

Menos influencia riba colaboracion

Korver a bisa Curaçao Chronicle cu e porta ta keda habri pa Aruba, pero cu e otro hospitalnan ya kier sigui bay dilanti. E statutonnan di e cooperativa awo ya ta cla, y e cooperativa mester keda estableci oficialmente e luna aki. Esey ta hopi mas laat cu loke a anun-

cia na februari. E tempo aya, nan a asumi cu e permiso oficial pa e colaboracion di e hospital lo ser duna den prome kwartaal.

Si Aruba bira un miembro despues, esaki por nifica cu hospital Arubano por beneficia solamente di e beneficiacionan di e colaboracion despues y tin menos influencia riba e cooperacion, segun Korver.

Un motibo importante pa e colaboracion ta cu e hospitalnan di e islanan tin problema financiero, of nan ta mucho chikito pa por duna cuidu specialisa. E ultimo motibo aki ta un gasto grandi pa hospitalnan riba e islanan, pasobra mester manda pashentan fuera di e region, specialmente na Colombia. Otro motibo importante pa e colaboracion ta yuda otro den situacionnan di crisis, manera e pandemia di coronavirus y horcannan.

Situacion di hospital birando critico

E hospitalnan di Aruba y Corsou ta den cora pa algun tempo caba, y situacion ta asina malo pa Aruba, cu e situacion ta bay bira uno critico den tercer of di cuatro kwartaal di e aña aki, segun director Vroegop.

Aruba su hospital ta bao mas presion ainda pasobra Hulanda a duna instruccion pa Aruba spaar 60 milyon florin den gastonan di cuidu medico. Como resultado, HOH mester a reduci salario di personal di hospital durante e temponan di corona caba.

E reduccion di gasto ta un condicion pa ricibi e milyones di florin di sosten di likides relaciona cu pandemia for di Hulanda, algo cu Aruba ainda mester desesperadamente.

Secretario di Estado Hulandes pa Asuntonan Interno y Relacionnan di Reino, Raymond Knops ta bisa cu e sosten di corona lo ta den peliger si Aruba no participa den e cooperativo di hospital.

“Mi ta asumi cu Aruba lo continua participando den e negociacionnan aki riba cooperacion y cu finalmente ta na clausura di e tranche cu ta husga si un pais a cumpli cu e condicionnan. Claro nos lo evalua esaki criticamente. Y si no cumpli cu e condicionnan, esey por tin consecuencia pa e tranchenan subsecuente, si.”

Recuperacion no ta afecta landspakket

E director Hulandes tambe a bisa cu e recuperacion economico di Aruba, cu ta procediendo mas lihe cu loke a spera, no ta afecta implementacion di e landspakket. E ta un alivio chikito inespera, el a bisa, pero e acuerdonan den e landspakket y e agendanan di implementacion ta a termino largo. Aruba de hecho a ricibi un debe enorme pa motibo di e crisis di coronavirus cu, segun Knops, mester wordo paga den proximo añanan.

Kier baha gasto medico... *O aumenta peso riba hende...?*

E Comision cu a instala pa duna recomendacion encuan to e manera pa reorienta gasto di cuidio medico, a entrega su rapport y nos por a tuma nota di e conclusionnan general. E comision corectamente a elabora riba e necesidad di cuminsa implementa un maneho di prevencion, si den e proximo añanan lo mester yega na un maneho efectivo di enfermedadnan cronico. Y den cual ta mira un papel primordial di gobierno. Esey tambe ta corecto, pasobra den pasado hopi hende tabata enfoca riba AZV como e organismo cu mester desaroya un maneho di prevencion, pa den futuro por disminui gasto di cuidio. Te algun aña pasa AZV tabata dedica un cierto suma – modesto – na informacion general encuan to un estilo di bida mas saludable, y e relacion di mal nutricion cu enfermedad cronico. Sin embargo, e maneho ey ta responsabilidad di gobierno, mas specifico ministerio encarga cu salubridad publico. Lamentablemente den ultimo añanan, mientras a spera un inicio di tal maneho, no a mira nada di esey. Mester bisa – pa tur claridad – cu den e gobiernonan anterior tampoco a mira tal maneho, cu ta asina necesario.

Un aspecto cu si a mira den ultimo periodo di gobernacion ta e mencion di e posibilidad di un impuesto riba sucu y bebida conteniendo sucu, e famoso ‘sugar tax’ cu finalmente no a implementa. Sin duda algun e recomendacion pa considera atrobe e medida aki lo trece hopi discusion, cu argumento valido y otro di indole dudoso. Esaki banda di otro medida di aumento entrada envez di baha gasto cu nos lo trata despues. A pesar cu por mira e medida di un sugar tax primeramente como un manera pa haya extra placa den caha pa gobierno, ta necesario pa contempla con esaki lo por hunga un papel positivo den contribui na un dieta mas saludable. Esey ta obliga nos tira un vista mas detaya riba e situacion di mal nutricion, e relacion cu estilo di bida en general y e efecto devastador cu esaki tin den nos poblacion. Pasobra e problema no ta sucu so. Mal nutricion tin diferente componente, entre otro e consumo exagera di proteina y vet animal den dieta diario di gran parti di e poblacion. Nunca tabatin un discusion pa limita importacion di e tipo di vet aki, na fabor di azeta vegetal, por ehemplo den fabricacion di pan y den restaurant. Esaki mientras na otro pais mas avanza den e materia aki a haci un transformacion grandi caba, por ehemplo den e uso di manteca di porco pa traha pan y pa hasa cuminda (den restaurant). E crisis di Covid a siña hopi hende aki tambe con importante un estilo di bida mas saludable

ta. Ta di spera si cu ora e crisis caba di pasa, nos no bolbe na e situacion di antes, unda ta perde bon parti di e experiencia positivo aki. Lo ta necesario tambe pa revisa maneho di educacion fisico na scol, cu ta laga hopi di desea, unda ainda tin scol sin e debiso infraestructura. Igualmente e apoyo na deporte organiza, cu a pesar di e gritonan di euforia ta kedando leu atras compara cu e necesidadnan cu tin.

Nos no a mira ainda cifra di e presencia di por ehemplo persona cu problema di sobrepeso y obesidad den e casonan atendi na Hospital y mas especificamente den ICU. Den ultimo dianan den medianan Hulandes tabatin bastante atencion pa e resultadonan di e investigacion alrededor di Covid-19 na e pais, unda ta conclui cu tabatin un presencia desproporcional y fuerte di hende cu problema di sobrepeso y obesidad entre e personan cu a haya e coronavirus y a termina den hospital o ICU. Motibo pa pone mas enfasis riba inversion den prevencion, cu lo por ta por ehemplo 1 porciento di loke ta e gastonan medico anual, cu ta 1 biyon di e total di cien biyon euro cu e pais ta gasta na cuidio medico.

Laga nos djis haci un comparacion cu loke nos ta gasta na Aruba pa cuidio medico. Aña 2020 AZV a gasta casi 450 miyon florin en total. Si dedica un porciento di presupuesto di esey na informacion y educacion, nos ta papiando di mas di cuatro miyon florin, algo cu ni remotamente ta dedicando na e tarea aki actualmente. Pa bon comprension, no necesariamente esaki mester ta riba presupuesto di AZV, e ta pertenece mas riba presupuesto di e ministerio mes.

Algun atencion pa e otro elementonan di e recomendacionnan di e comision. Aki por nota cu e enfasis ta mayoritariamente riba con pa haya mas entrada pa gobierno y AZV y no tanto riba cortamento di gasto. Un contribucion personal (eigen bijdrage), aumento di BAZV, sugar tax. Dificil pa ta di acuerdo cu esaki, pasobra no ta nada mas cu aumento di entrada mientras cu diferente instancia ya a pronuncia cu no por sigui pone mas peso riba e poblacion. Pero esey ta e conclusion; cu no por corta gasto y mantene nivel di cuidio. E medida menos recomendable ta un eventual aumento di BAZV, loke lo pone presion extra riba economia cu ta recuperando ainda. Ademas ta surgi e pregunta con ta para cu e reforma fiscal, unda tur e variantenan di BBO lo mester traha lugar pa un BTW. Sigur un bon topico pa e negociacionnan pa forma gobierno, si no a trat’e caba.

Minister di Husticia, Andin Bikker:

Lo amplia medidanan pa garantisa seguridad

Despues di e incidentenan den fin di siman, diadomingo mainta Minister di Husticia, Seguridad y Integracion, mr. Andin Bikker, a yama un reunion extraordinario di e cinco partnernan strategico den maneho di Husticia y Seguridad. Meta di e reunion ta pa haya informacion actualisa di e sucesonan y pa amplia e medidanan anuncia diabierna ultimo. Tur esaki den un esfuerzo pa contraresta e tendencia criminal y mal comportacion di un grupo den comunidad.

E partnernan den e “Vijfhoekoverleg” ta Cuerpo Policial Aruba, Veiligheidsdienst Aruba, Ministerio Publico Aruba, Nationaal Centraal bureau Terrorismebestrijding, Veiligheid en Interpol (NCTVI), y Ministerio di Husticia mes. Regularmente e grupo aki ta reuni den cuadro di un maneho uniforme den Husticia.

Durante e reunion diadomingo mainta a acorda cu lo amplia e medidanan cu a anuncia diabierna mainta, pa garantisa seguridad, segun un comunicado di prensa di gobierno demisionario. Ya diabierna mainta a anuncia entre otro mas control severo y visibilidad di polis riba caya

y via e helicopter, cual den fin di siman a tuma luga y varios otro medida cu ta implementando.

Pa loke ta e ampliacion di e medidanan, por spera cortamento den orario di ciere pa establecimentonan considera ‘hotspots’ y combatimento y prevencion den cooperacion multidisciplinario cu diferente instancia y Ministerio. Tambe lo intensiva e imple-

mentacion di tecnologia, entre otro ‘mobile scanners’ pa arma y instala camaranan moderno na entre otro e ‘hotspots’.

Mirando e desaroyonan y e urgencia pa tuma medida mesora, a tuma contacto cu e Presidente di e Comision fiho di Husticia di Parlamento pa un reunion extraordinario cu Parlamento

dialuna mainta. Ey lo suministra informacion actualisa di e susedidonan y e medidanan adicional cu polis y Vijfhoek ta conseha. Minister Andin Bikker tambe lo boga pa Parlamento por pre-aproba cu fondonan adicional lo wordo aloca den presupuesto pa mas ekipo pa Husticia, pa por ehempel ekiponan moderno, cu awendia por haci e trabou di prevencion mas efectivo,

manera e scanners pa detecta arma di candela den auto y camaranan moderno na entre otro e ‘hotspots’.

Pa loke ta e casonan mes, den cual un of mas sospechoso a pasa los tiro cu arma di candela cerca di un luga nocturno considera como “hotspots”, ainda no por divulga mucho pasobra investigacion ta andando keto bay.

Casi dos mil hoben a vacuna durante e Vacunathon Edicion Hubenil

Riba diasabra a tuma luga e **Vacunathon Youth Edition**, un accion pa promove vacunacion entre hobennan di edad 12-17 aña. Esaki a tuma luga for di 9or di mainta na Centro Libertador Betico Croes, cu a keda habri te cu 4or di atardi. E Vacunathon aki no tabata exclusivo pa mucha, loke a nifica cu cualkier persona mayor di 12 aña por a presenta y ricibi vacuna contra SARS-CoV-2.

DVG a informa cu te cu 11:30 di mainta, tabatin 1,252 mucha vacuna, loke ta representa un grado di vacunacion di 13.4 porciento. Pa fin di e Vacunathon Edicion Hubenil, a logra vacuna un total di 1,781 persona di edad entre 12 pa 17 aña. Cu esaki a yega na un grado di vacunacion di 19.1 porciento entre e grupo di poblacion aki.

“Pa nos stroba e virus di sigui plama bao di e diferente gruponan di edad den nos co-

munidad, ta importante pa nos sigui vacuna mas hopi ciudadano posibel dentro di e diferente gruponan di edad”,

DVG a conclui.

Actualisacion di casonan semanal
Segun actualisacion semanal di e pandemia di Covid-19 na Aruba, di Departamento di Salubridad Publico DVG, datonan colecta durante siman di 2 pa 8 di juli ta indica cu a registra 27 caso positivo nobo. Di esakinan, 16 ta residente y 11 ta turista.

Ademas, DVG ta informa cu 19 persona a recupera di Covid-19, e malesa causa pa e virus SARS-CoV-2. Cu esaki, riba diabierna tabatin un total di 33 caso activo, di cual 17 ta residente y 16 ta turista.

For di dialuna siman pasa, Crisis Team a informa cu update di casonan positivo di Covid-19 ya no lo wordo duna den forma diario, sino cu tur diabierna lo duna un resumen di e casonan di si-

man den un comunicado. Pa e motibo aki ta duna un actualisacion semanal y den esaki no tin detaye di dia pa dia. Sinembargo, DVG a informa cu e averahe di casonan positivo pa dia ta 4, loke ta representa un tasa di positividad diario di 6%. Di e 27 caso nobo registra siman pasa, solamente 4 tabata persona vacuna.

E cantidad di fayecido relaciona cu Covid-19 no a conoce aumento y ta keda na 107.

Di su banda, Hospital Dr. Horacio Oduber a informa cu riba piso general di Covid tin 5 persona interna, di cual 2 ta turista y tres ta local, mientras cu den Unidad di Cuido Intensivo ICU tin un persona local interna. Di e personanan local hospitalisa riba piso general di Covid, ningun tin historia di vacuna, segun Hospital a informa.

Cantidad excesivo di UTV/ATV ta alarma organisacionnan ambiental (Continuacion di articulo riba pagina 2)

Realidad ta cu e actividad aki ta asina popular, e cantidad di companianan cu ta ofrece tours y e vehiculonan presente na Aruba ta como 3000. Y 3000 di e vehiculonan cu ta subi e seronan di Aruba, traha nan propio caminda, core riba camindanan di santo den barionan, ta nifica un impacto grandi. E analisis cu FPNA a haci den su propio tereno a ilustra destruccion di naturalesa, erosion na gran cantidad, stof cu ta choca vegetacion local.

E periodo cu Aruba tabata den lockdown a yuda naturalesa regenera, pero observadornan tabatin miedo kico lo por a pasa unabes cu e isla a habri atrobe y turismo yega na su nivel normal. Cu un area grandi, casi 20 porciento di isla cu awor ta for di e limite di tour, no mester ta un sorpresa cu e 3000 vehiculonan aki ta concentra den un area mas chikito cu tur su impacto.

Te ainda Gobierno di Aruba no a formula ningun maneho riba e tournan di UTV/ATV, a pesar cu entre otro FPNA pero tambe ambientalistanan tin hopi aña ta urgi educacion, accion y kizas hasta prohibicion.

Andin Bikker

Di su banda Minister di Husticia saliente Andin Bikker a bisa cu e no ta bay hiba e discusion mas ken ta responsabel pa maneho riba UTV/ATV na Aruba. Tin diferente actor involvi den e industria aki. For di momento cu un turista yega na aeropuerto of waf, locual e ta wak ta muraya di propaganda pa tournan cu UTV/ATV.

“FPNA a restringi entrada pa cierto UTV, cu ta e chikitonan. Pasobra e grandinan ainda por drenta. Nos a reuni den transcurso di aña cu e diferente ‘stakeholders,’ y mi reemplasante lo continua cu e reunionnan aki. E no ta un discusion facil. Nos ta biba di turismo y tin hopi compania cu ta opera den e segmento di e mercado aki y di otro banda, tin e gruponan cu ta bisa cu aparatonan no ta pertenece riba caminda.” Y cu e comentario aki, Minister Bikker a distancia su mes di e topico tambe, mirando cu manera e mes a bisa, ta su reemplasante lo mester ta encarga cu e problema aki.

FPNA lo sigui bringa pa naturalesa Y e reemplasante lo mester confronta gruponan manera FPNA cu ta determina pa

sigui bringa pa e naturalesa fragil di Aruba. Segun Kuiperi, FPNA tin reto pa por haci e tur e trabounan aki, pero e no ta imposibel. Berdad na 2020 cu e pandemia a crea hopi problema, incluso problema financiero. FPNA a delinea y aproba un maneho cu a duna un resultado positivo na 2021. “Nos no t’ey ainda.

Nos ta leu di t’ey. Y mi ta sinti sinembargo si cu no obstante e crecemento turistico di Aruba, nos lo conoce un caida debi na e variante Delta, pero asina mes nos ta riba bon caminda. Y si, si nos no tin e recursonan, nos lo bati na porta di diferente instancia na Hulanda, Europa, Bonaire. Nos ta trahando riba diferente aspecto. E retonan ta grandi pero sigur interesante,” Kuiperi a conclui.

Fauci a conta cu Centers for Disease Control and Prevention y Food and Drug Administration a haci lo corecto siman pasa di pusha bek contra Pfizer su certesa pa cu nan declaracion bisando cu nan no ta mira e necesidad di un tercer dosis “na e momentonan aki.”

Fauci a bisa cu investigacionnan clinico y datonan di laboratorio te ainda tin cu comproba e necesidad completo di un tercer dosis pa yuda e dos dosisnan existente caba di Pfizer y Moderna of e un dosis di Johnson & Johnson su regimen.

“Aworaki, cu e datonan cu nos a ricibi y e informacion obteni, nos no tin mester di duna e pueblo un di tres dosis” El a comenta. “Esaki no kiermen cu nos ta stop aki, tin investigacionnan cu ta ser haci y ta tumando luga aworaki mientras cu nos ta papia tocante e posibilidad di si nos mester haci esaki y den

ki tempo, lo nos mester cuminsa haci esaki.”

El a bisa cu e ta bastante posibel cu den e lunanan venidero, mientras cu e datonan ta desaroya, e Gobierno lo urgi un tercer dosis basa na e factornan manera edad, y condicionnan medico ya existente den cierto persona. “Claramente e dosis aki ta enteramente posibel, probablemente nos lo yega un punto, unda cu nos lo tin mester di un tercer dosis.” Fauci a culmina.

E reunion di dialuna entre Pfizer y oficialnan di salud di Merca a ser reporta prome pa The Washington Post.

Actualmente, solamente mas o menos 48% di e poblacion di Merca ta completamente vacuna. Algun parti di e pais tin porcentahenan hopi baho di vacunacion, y den e partinan aki e variante Delta ta causando mas dano. Siman pasa Dr. Rochelle Walensky, director di Centers for Disease Control and Prevention

a bisa cu nos ta yegando na dos banda di e moneda, algun parti di e pais ta grandemente inmunisa y bolbiendo normalidad, mientras cu otro partinan tin aumento den hospitalisacion.

Fauci a revela cu e ta inexplicable con algun Mericano ta resisti asina hopi na e vacuna, mirando cu datonan comproba cientificamente ta

demostra con efectivo e ta pa cu infeccion di COVID-19 y hospitalisacionnan, y cu e ta hopi consterni pa e esfuersonan haci pa blokea e intento di haci e vacunacion hopi mas accesibel, manera Joe Biden su idea di hiba e vacuna porta pa porta.

Gobernador Asa Hutchinson, R-Ark, a bay di acuerdo riba diadomingo cu tin un re-

sistencia na e vacuna den aranan chikito den estadonan pa motibo cu “bo ta encontra cu e personanan conservativo, cu ta hopi dudoso di e Gobierno.”

Describiendo su esfuersonan pa por aumenta vacunacion den su estado, cual ta mirando aumento den infeccionnan, Hutchinson a declara “niun hende no kier un agente tocando na su porta, sinembargo, nos kier pa esunnan cu no tin acceso na e vacuna di otro manera, sa di e vacuna y tin e oportunidad di ricibi esaki.”

E componente ‘grassroots’ di e campanja di vacunacion federal tin desde april den operacion, ora cu e cantidad di vacunacion disponible tabata menos cu e demanda. Esaki a ser traha y funda pa e Congreso den e peticion di 1.9 triyon dollar pa ayudo di COVID-19 den maart, y cu hopi abrumacion ta ser poni den practica pa e oficialnan local di salud, trahadonan di sector priva y voluntarionan.

Rep. Adam Kinzinger, R-Ill, a demostra oposicion na e intento di algun legislado GOP di vacunacion, bisando e ta “locura absoluto.” El a bisa cu Kevin McCarthy ken ta lider den House Republican di California y otronan den e partido tin cu papia y bay contra di “e politiconan payaso cu ta hungando cu e miedo di vacuna pa nan ganancia propio.”

Fauci a haci un aparicion riba CNN su “State of the Union”, ABC’s “This Week” y CBS “Face The Nation. Hutchinson a aparece na ABC, y Kinzinger tabata riba CNN.

(NLTimes) – Aña pasa a bende mas bicicleta electrico ‘e-bike’ cu nunca na Hulanda. Na mes momento, e cantidad di accidente fatal cu e-bike a aumenta, particularmente entre esnan di edad avansa. Mientras dokternan a boga pa un helm obligatorio, algun experto a cuestiona si realmente ta e ciclistanan cu ta responsabel pa e accidentenan.

Un total di 229 ciclista a perde nan bida den accidente aña pasa, 24 mas cu na 2019. Di e cantidad total di morto riba bicicleta, 32 porciento tabata core un e-bike. Na 2020, casi tres cuarta parti di accidente di bicicleta fatal a involucra persona mayor di 60 aña di edad.

Mama di Myrthe Boss a fayece fin di 2019 mientras e tabata core su e-bike. “Mita caminda riba rotonde, un auto no a mir’e. El a perde su balans purbando di evita e auto y a dal su cabes riba e stupi. Pa motibo di e seriedad di su herida cerebral, su curason a stop inmediatamente”, Boss a bisa.

Boss, kende su mes ta un neurologo, pa e motibo aki ta insisti riba bisti un helm. “Usa bo cerebro y bisti un helm.”. Segun e, e riesgo di daño cerebral serio lo tabata hopi menos pa su mama si e

lo a bisti un helm.

Marcel Aries, un neurologo den ICU di Centro Medico Maastricht, a bisa cu un accidente cu bicicleta por tin consecuencia desastroso. “Den ultimo aña, nos tabatin seis ciclista riba e-bike cu heridan cerebral serio. Niun di nan a bisti helm. Un cantidad grandi di nan a fayece.”

Asina mes, ‘profesor di ciclismo’ na Universidad di Amsterdam, Marco te Broommelstroet a bisa cu e problema principalmente por wordo haya den trafico di auto. “Ironicamente, nos ta kere cu seguridad riba caminda ta extremadamente importante, pero nos no kier papia tocante esaki si ta nifica haci algo contra e peliger berdadero di seguridad riba caminda: e auto lihe.”

“Core bicicleta no ta inherentemente peligroso. Den cantidad di e casonan, nos ta enfoca riba e victima pero en realidad nos mester aborda e chauffeur y trafico riba caminda prome”, Te Broommelstroet a bisa. E Sindicato di Bicicleta a bisa cu un forma cu por haci esaki ta pa separa ciclista y chauffeur di auto riba caminda, y pa reduci e limite di velocidad den areanan cu poblacion denso. Mayoria di Tweede Kamer ya ta na favor di e segundo proposicion.

Bill Cosby tin plan pa un gira mundial di comedia despues di obtene libertad

(TMZ/NYT) – Awo Bill Cosby sa cu tin un luga unda su persona no lo ser bon bini na momento di duna su show di comedia atrobe. Un di e sitionan mas popular den New York City ta bisando su persona “HELL NO.”

TMZ a reporta cu Cosby tin plan pa haci un gira mundial, no hopi tempo despues cu su persona a keda den libertad, y su campo ta bisa cu tin bastante promotor y clubnan di comedia interesa den presentacion di Cosby. Pero e famoso Comedy Cellar den New York City su Greenwich Village, definitivamente no ta interesa.

Doño di Comedy Cellar, Noam Dworman ta conta TMZ cu e sitio aki no ta niun tiki interesa den Cosby, y cu e no kier pa Cosby ni sikiera pone un pia den su club. Aunke Comedy Cellar ta conoci pa su invitadonan controversial, cu tin biaha sa haci e audiencia sinti un poco incomodo, aparentemente Cosby ta fuera di limite, y no ta un opcion.

Ta bal la pena nota cu e club a permiti Louis C.K y Aziz Ansari duna presentacion y show ariba di nan escenario den aña 2018, aunke e dos comediantenan aki tambe tabata involvi den casonan y controversia di conducta sexual inapropia y ilegal.

Manera antes menciona, Bill Cosby a ser laga den libertad luna pasa despues cu Corte Supremo di Pennsylvania a anula su conviccion pa abuso sexual. E decision a marca e fin den e caso aki, segun expertonan legal. Aunke mas di 50 hende muhe rond di e nacion a acusa Cosby di abuso sexual y conducta sexual inapropia, e statuto di limitacion ta haci cu e casonan aki no por ser procesa, y huicio no por ser haci pa e casonan aki.

Inicialmente Cosby a ser declara culpabel pa e delito di abuso sexual, y a sirbi 3 aña di su sentencia cu tabata di 3 pa 10 aña na un prizon di maximo seguridad fuera di Pennsylvania, ora cu e corte a revela cu un acuerdo haci cu un fiscal anterior, di no hiba Cosby huicio, ta nifica cu Cosby no por ser husga den e caso.

Ora di puntra Constand, e persona cu a hiba Cosby huicio, su opinion tocante e libertad di Cosby, Constand a conta cu esaki no solamente ta desapunta su persona, sino cu tambe ta trece preocupacion cu esaki lo bira demotivacion pa tur e otro personanan cu kier busca husticia pa abuso sexual den husticia criminal, di reporta of participa den huicio di e asaltante, of lo forsa un victima di scogetuma accion criminal of civil.

E libertad di Cosby a causa furor y reaccionnan dividi entre e pueblo y coleganan den e industria, cu algun persona demostrando apoyo pa cu esaki, y otronan demostrando disgusto.

Cosby, di 83 aña di edad a bolbe back su cas na Philadelphia riba diaranson atardi, cual tabata e mesun dia cu su persona a ricibi su libertad back.

Dworman ta comenta cu ni sikiera su audiencia, kendenan a ricibi Louis C.K y Aziz Ansari cu man habri, lo apoya un regreso di Cosby na su club.

Rechaso di un sitio iconico manera Comedy Cellar no ta detene e comediante di 83 aña su plan. Representante di Cosby, Andrew Wyatt ta declara “esaki ta un doño di un club, y den palabra di e rey di R&B, Bobby Brown, ‘e ta su derecho di haci loke e kier haci.”

Islanan Caribense cu problema pa restart refinerianan cu antes tabata opera pa Pdvsa

(CuracaoChronicle) – Mas cu 1 miyon bpd di capacidad di refinamento den Caribe ta casi tur para, cu un shutdown recién na US Virgin Islands resaltando e pronostico scur pa un comeback.

Construi pa companianan mayor di petroleo den ultimo siglo, y despues laga huerfano pa e compania propiedad estatal Venezolano Pdvsa, e refinerianan ta ser mira como relicanan industrial cu no por competi cu plantanan den Gulf Coast Mericano.

A pesar di economianan debil y disponibilidad amplio di fuel di corto distancia, algun pais Caribense ainda ta depende riba e refinerianan pa trabao y entrada, mas ainda durante e pandemia di Covid-19 cu a devasta turismo. Algun a bay pa e tankinan di almacenahé, logística offshore y LNG pa purba di monetisa e activonan antiguo y e sitionan bandona. Otornan ainda ta purbando di rebiba refinamento convencional.

Trinidad & Tobago, pa cum-

insa, a lansa di nobo un oferta pa su refineria Pointe-a-Pierre di 165mil bpd despues di e collapse na fin di 2020 di un acuerdo di benta cu un compania propiedad di un sindicato laboral. E fecha limite pa entrega propuesta ta dia 23 di juli. E defunto estatal Petronin a laga e refineria atras na fin di 2018.

Corsou y Aruba ta buscando inversionistanan pa activonan cu antes tabata parti di e red logístico di Pdvsa cerca di su costa. Un consorcio lidera pa Hulanda ta e candidato mas recién pa start di nobo e planta Isla di 335mil bpd cu Pdvsa tabata opera na Corsou. Compania di trading Mercuria ta encarga di huur almacenahé na e terminal Bullen Bay mientras tanto.

E refineria di Aruba di 235mil bpd na San Nicolas, desmantela pa Valero na 2012, tabata supone di keda remodela pa e brasa di refineria di Pdvsa na Merca, Citgo, prome cu e proyecto di \$1.1 biyon a desintegra na 2019. Compania Mericano, Eagle LNG tin plan pa instala un termi-

nal eyan. Aruba tin speranza cu un consorcio Mericano lo reconstrui un refineria moderno riba e sitio tambe. E proyectonan ta para mientras ta forma un gobierno nobo despues di eleccion parlamentario na juni ultimo.

Jamaica y Republica Dominicana ainda ta operando parcialmente nan refinerianan chikito cu nan anterior partner 49pc Pdvsa a priminti di upgrade y expande. Jamaica kier pa un inversionista rehutenece su refineria Kingston

di 35mil bpd, pero e isla por tin mester di conforma cu converti esaki den un terminal di almacenahé. Pdvsa ta demandando pa compensacion pa e expropiacion di su accionnan na februari 2019.

E refineria di Jamaica actualmente ta procesando alrededor di 23,500 bpd di crudo importa. Incertidumbre riba e accionnan di Pdvsa den e planta Haina di 34mil bpd na Republica Dominicana, como tambe condicionnan di mercado volatil, ta con-

tribuyendo na un retraso den e plan di transicion y benta di e refineria tambe, gobierno a bisa. E refineria actualmente ta manehando 27,200 bpd di crudo importa.

Na mei, e Agencia di Proteccion Ambiental (EPA) Mericano a duna orden pa e refineria Limetree Bay recién renoba, di 200mil bpd na e US Virgin Islands cera, despues di un accidente relaciona cu coker. Un reinicio ta incierto. E refineria, un behemoth regional di 525mil bpd den su tempo, anteriormente tabata propiedad di Hovensa, un joint venture entre Pdvsa y e independiente Mericano, Hess.

Y abao den Caribe ta Cuba, unda data operacional riba e refineria estatal Cienfuegos di 65mil bpd ta dudoso. Materia prima ta limita pa un escasez di divisa y e sancionnan Mericano riba su proveedor tradicional Pdvsa, pero importacion sporadico di crudo ta inclui un cargo di 830mil bl di un mezcla di Algeria y Sahara na juni.

Certificado di vacunacion no mester duna acceso na evento mas, segun De Jong

(NLTimes) – **Certificadonan di vacunacion y recuperacion no mester ta suficiente mas pa duna acceso na eventonan, segun virologo y miembro di Outbreak Management Team (OMT) di Hulanda, Menno de Jong a bisa den un entrevista cu AT5.**

“Test semper ta mas safe. Vacunacion no ta protege cien porciento contra infeccion. E ta traha bon contra infeccion severo, pero menos pa un infeccion leve of asintomatico”, De Jong a bisa.

Gabinete Hulandes a duna orden pa discoteca y club nocturno cera nan porta atrobe diabierna ultimo despues di apenas ta habri pa dos siman, pa motibo di e cantidad di infeccion di coronavirus aumentando rapidamente. Den total, riba diasabra a reporta mas di dies mil infeccion nobo, mas cu 800 na Amsterdam so. “Mi tabata den shock pa esaki. Niun hende a spera un aumento asina grandi

despues di apenas dos siman di reapertura”, De Jong a bisa.

Segun e virologo, bida nocturno por cuminsa atrobe na mita di augustus, maske eventonan pafo tin miho chance di bay door mirando e riesgo menor di infeccion. “Pa festivalnan, e politica di acceso tambe ta mas facil pa regula cu den bar y club nocturno”, De Jong a declara.

El a boga cu solamente un test negativo di coronavirus mester duna acceso na un festival of club nocturno. “Bo por resulta den un situacion unda hende cu un certificado di vacunacion y un infeccion leve ta drenta un club y infecta esnan no vacuna.” Cuminsando diamars, solamente

test di coronavirus negativo completa den ultimo 24 ora ta bay ta valido, na luga di 40 ora manera ainda ta e caso.

E miembro di OMT tambe ta preocupa cu a pesar cu e aumento di infeccion ta concentra principalmente entre esnan di edad entre 18 pa 25 aña, e transmision por pasa door na e poblacion vulnera-

bel. “Claro cu ya nan a wordo vacuna, pero tambe tin e variante Delta contra cual e vacuna ta menos efectivo.”

E virologo a bisa cu e tabata sinti molester cu minister di Salud, Hugo de Jonge su baile cu e campaña di Janssen. “Mi a rabia un tiki ora mi a scucha Hugo de Jonge bisa esaki. E ta informacion engañoso. Un vacuna no ta traha asina”, De Jong a bisa. E minister di Salud a permiti acceso directo na eventonan despues di vacunacion, loke a nifica cu cantidad di hende jong a scoge pa ricibi e vacuna di un solo dosis di Janssen. Despues a reverti e decision.

De Jong a bisa cu e ta kere cu e situacion di coronavirus por mehora pa mita di augustus si e progreso cu e campaña di vacunacion ta continua. “E vacuna por ta ganando pa e tempo ey. Mi tin speranza cu e aumento exponencial aki por para hopi lihe y e cifranan lo cay.”

Fires rage in several states as heat wave broils US West

(AP) - Firefighters working in searing weather struggled to contain a Northern California wildfire that continued to grow Sunday and forced the temporary closure of a major highway, one of several large blazes burning across the U.S. West amid another heat wave that shattered records and strained power grids.

Two firefighters died Saturday in Arizona after a plane they were in crashed during a survey of a small wildfire in rural Mohave County.

The Beech C-90 aircraft was helping perform reconnaissance over the lightning-caused Cedar Basin Fire, near the tiny community of Wikieup, when it went down around noon.

The two firefighters were the only people on board. Officials identified one of them as Jeff Picchura, a retired Tucson fire chief who was working for the U.S. Forest Service.

The name of the other was withheld until relatives could be notified. The National Transportation Safety Board is investigating the crash.

In California, officials asked all residents to reduce power consumption quickly after a major wildfire in southern Oregon knocked out interstate power lines, preventing up to 4,000 megawatts of electricity from flowing into the state.

The California Independent System Operator, which runs the state's power grid, said Saturday the Bootleg Fire took three transmission lines off-line, straining electricity supplies as temperatures in the area soared.

"The Bootleg Fire will see the potential for extreme growth today," the National Weather Service in Medford, Oregon,

tweeted Sunday.

Pushed by strong winds, the blaze exploded in size to 224 square miles (580 square kilometers) as it raced through heavy timber in Oregon's Fremont-Winema National Forest, near the Klamath County town of Sprague River.

To the southeast, the largest wildfire of the year in California was raging along the border with Nevada. The Beckwourth Complex Fire — a combination of two lightning-caused blazes burning 45 miles (72 kilometers) north of Lake Tahoe — showed no sign of slowing its rush northeast from the Sierra Nevada forest region after doubling in size between Friday and Saturday.

Late Saturday, flames jumped a major highway, U.S. 395, which was closed near the small town of Doyle in California's Lassen County. The lanes reopened Sunday. Flames threatened rural properties and forced evacuations in Nevada's Washoe County. "Take immediate steps to protect large animals and livestock," the Truckee Meadows Fire Protection District tweeted.

The blaze, which was only 9% contained, increased to 131 square miles (339 square kilo-

meters). Temperatures in the area could top 100 degrees (37 Celsius) again Sunday.

It was one of several fires threatening homes across Western states that were expected to see triple-digit heat through the weekend as a high-pressure zone blankets the region.

Death Valley in southeastern California's Mojave Desert reached 128 degrees Fahrenheit (53 Celsius) on Saturday, according to the National Weather Service's reading at Furnace Creek. The shockingly high temperature was actually lower than the previous day, when the location reached 130 F (54 C).

If confirmed as accurate, the 130-degree reading would be the hottest high recorded there since July 1913, when Furnace Creek desert hit 134 F (57 C), considered the highest measured temperature on Earth.

The National Weather Service warned the dangerous conditions could cause heat-related illnesses.

Palm Springs in Southern California hit a record high temperature of 120 F (49 C) Saturday. It was the fourth time temperatures have reached 120 degrees so far this year, the Desert Sun reported.

In California's agricultural Central Valley, 100-degree temperatures blanketed the region, with Fresno reaching 111 degrees F (44 C), just one degree short of the all-time high for the date.

Las Vegas late Saturday afternoon tied the all-time record high of 117 F (47 C), the National Weather Service said. The city has recorded that record-high temperature four other times, most recently in June 2017.

For top #MeToo legal duo, a pandemic year brings no pause

(AP) - She'd just upended her life by going public with sexual harassment allegations against New York Gov. Andrew Cuomo. And Charlotte Bennett, a former aide to the governor, realized that Saturday night in February that she had no plan for what came next. She was 25 years old, and had never been in the media spotlight. How would she deal with the fallout, both publicly and personally?

She didn't have long to wonder. The next morning, an email arrived from Debra Katz, the same civil rights attorney who'd represented Christine Blasey Ford, accuser of Supreme Court Justice Brett Kavanaugh, along with accusers of Hollywood mogul Harvey Weinstein and countless other powerful men accused of sexual misconduct, most of it along with her professional partner of 20 years, Lisa Banks.

"How are you holding up?" Katz asked Bennett when they connected. Did she have support or advice? Not really, Bennett said.

"This case is literally why I do this work," Katz explained, assuring her she'd represent her on a pro bono basis. "It's why I exist. Let's do this."

For many people, the pandemic year has brought a pause of some kind, or at least a slowdown, to their professional endeavors. For Katz and Banks, the opposite has been true. "This is probably the biggest year we've ever had," says Banks.

Their work has actually been increasing for nearly four years. When the Harvey Weinstein revelations erupted in October 2017, launching the reckoning that became known as the #MeToo movement, it caused a "sea change," Katz says.

"We were inundated — not only by live cases but by cases of people who were harassed decades ago but wanted to report the issues now, because the person who harassed them was still in the same perch," she says.

Katz and Banks each carry several dozen active cases at a time — everything from informal advice to full-blown

litigation. They consult each other constantly, beginning and ending each day with a conversation, and discussing cases during frequent hikes in Rock Creek Park. Banks notes they jokingly call themselves Batman and Robin — she's Robin, because she's a decade younger.

It is, clients and associates say, an effective partnership — two very different personalities with shared goals.

At the toughest moments, they've also shared death threats: During the Kavanaugh hearings, armed guards were posted 24-7 outside their homes and at work, and their cars were checked underneath for explosives. They each struggled to explain to their families, without scaring the kids, why security was necessary.

Katz is known as the more fiery in temperament, Banks the cooler. Whistleblower Rick Bright, a federal scientist who was forced out of his job during a dispute over an unproven coronavirus treatment pushed by President Trump, says he immediately appreciated how their skills complement each other.

Katz freely admits she's the more emotional of the two, who occasionally struggles not to cry when seeing one of her clients — Ford, for example, or the Weinstein accusers — grilled about traumatic experiences.

Ford credits the duo with getting her through her gutting testimony in the Senate.

However difficult, the case was "the most gratifying professional experience I've had in my career," Katz says — even though Kavanaugh was eventually confirmed.

The two lawyers take com-

fort in the victories, and take the long view when it comes to setbacks for the movement. When Bill Cosby's conviction was overturned and he was released from prison, many worried aloud that it would have a chilling effect on victims coming forward. Katz and Banks don't see it that way, and reminded everyone that Cosby hadn't been exonerated.

"It's always disappointing to see individuals like Cosby not held fully accountable," Katz says. "But this is NOT a referendum on the #MeToo movement. And it won't deter prosecutors from going after others when evidence indicates misconduct."

Though Katz is the better known, neither she nor Banks is a household name like, say, Gloria Allred, the subject of her own Netflix film. But they've been handling these cases since the beginnings of their careers, inspired to fight back against sexual harassment and unequal pay that they themselves experienced.

Katz, 62, started making

waves as a law student at the University of Wisconsin in the early '80s, where she left the Law Review to protest lack of diversity — there had never been a Black student on staff. (A student magazine profile called it a "noisy exit.") She started a women's law journal instead.

Upon graduating, Katz won a fellowship that enabled her to work on a landmark sexual misconduct case: Meritor Savings Bank v. Vinson, in

two broke off and formed their own, Katz, Marshall & Banks, as Katz was recovering from breast cancer.

One of Banks' earliest inspirations came as a little girl, when, a huge baseball fan, she told her father she'd like to play for the Boston Red Sox one day — only to be informed there were no females on the team. "It struck me as so profoundly unfair and outrageous," she said. "It really inspired me to think

which the Supreme Court recognized sexual harassment as a category of discrimination protected by Title VII.

In her earliest jobs, Katz became known as one of the hardest workers and someone unafraid to take on unpopular causes. "I was in my 20s, and someone in their 50s called me brash and obnoxious," Katz says. "I guess I've been hardwired all these years at not letting people I care about be bullied. I've never been a table pounder, but I also don't relinquish ground."

Bennett, the Cuomo accuser, says she feels Katz is driven by her outrage at "the very audacity of these people in power who do the things they do — and that we are the ones who have to live in fear."

Banks, 53, attended law school at the University of Denver and spent her early professional years in the appellate division of the EEOC. She joined Katz at her previous firm, and in 2006 the

about sex discrimination."

It's Banks who's taken the lead on sports-related cases, for example representing accusers of NFL receiver Antonio Brown, who was dropped by the New England Patriots amid assault allegations. Banks has seen more mixed results after spending the past year representing 40 accusers of Washington Football Team owner Dan Snyder in his sexual misconduct case. The recent NFL action against the team, fining it \$10 million, was a mere "slap on the wrist," says Banks. And yet, she says her clients don't regret coming forward.

Katz and Banks acknowledge there's been a bit of a slowdown in momentum — partly due to the pandemic — as the #MeToo movement moves toward its fourth anniversary. But, they say, any social justice movement is going to have setbacks along the way.

What is important now, Katz believes, is that society "is finally asking the right questions."

Bonus pay for essential workers varied widely across states

(AP) — For putting their health on the line during the coronavirus pandemic, prison guards in Missouri got an extra \$250 per paycheck. Teachers in Georgia received \$1,000 bonuses. And in Vermont, nurses, janitors, retail workers and many others got as much as \$2,000.

Over the past year, about one-third of U.S. states have used federal COVID-19 relief aid to reward workers considered essential who dutifully reported to jobs during the pandemic. But who qualified for those bonuses -- and how much they received -- varied widely, according to an Associated Press review. While some were paid thousands of dollars, others with similar jobs elsewhere received nothing.

As society reopens, momentum to provide pandemic hazard pay appears to be fading -- even though the federal government has broadened the ability of state and local governments to provide retroactive pay under a \$350 billion aid package enacted

by President Joe Biden in March.

So far, only a few states have committed to paying workers extra with money from the American Rescue Plan.

Florida is giving \$1,000 bonuses to teachers and first-responders. Minnesota plans to distribute \$250 million in bonuses to essential workers, though a special panel won't determine who qualifies until later this year.

This past week, Hawaii Gov. David Ige vetoed a budget provision to pay teachers

\$2,200 bonuses. The Democratic governor said lawmakers didn't have the authority to tell the state Department of Education how to use the federal money.

Some states remain reluctant to enact bonus programs.

An Oregon proposal to use federal pandemic aid to provide bonuses of up to \$2,000 for essential workers failed to make it into the budget that took effect July 1, despite a union lobbying campaign that included thousands of emails and hundreds of phone calls to lawmakers. The proposal

would have covered workers in numerous fields, including education, health care, public safety and transportation.

Although states have until the end of 2024 to decide how to spend the latest federal aid, some advocates worry the realistic window for providing worker bonuses may be closing as more parts of society re-open.

Premium pay is one of just several options provided to states under Biden's aid package. States also can use the money to backfill budget holes, help businesses and households affected by the economic downturn, fund certain infrastructure projects and pay for public health programs such as COVID-19 testing and vaccinations.

Illinois lawmakers used the federal money for dozens of initiatives in the budget that took effect July 1 -- from \$75,000 for a high school mentoring and violence prevention program to \$200 million for hospitals. Nothing was earmarked for extra pandemic pay, even though

Illinois had paid it in the past.

Democratic Gov. J.B. Pritzker's administration provided a temporary 12% pay boost last year to nearly 24,000 state workers whose jobs put them at risk of contracting COVID-19. Most of the \$62 million cost was covered with federal funds.

Smith and his fiancée were among numerous staff and residents at the Ludeman Developmental Center who contracted the virus last year. He said the hazard money helped pay down credit cards and avoid further debt when buying clothing and shoes.

Most states that have provided COVID-19 hazard pay used money from the Coronavirus Aid, Relief and Economic Security Act signed by then-President Donald Trump in March 2020. While some states limited payments to particular public employees, others passed out money to a wide range of private-sector workers deemed to be doing important jobs.

Grief counselors in short supply with gun violence rising

(AP) — As Brett Roman Williams stood at the Philadelphia Medical Examiner's office staring at a photo of his older brother's face, a familiar feeling welled in his chest.

Williams' father was shot and killed in 1996, when Williams was 11, and the ebb and flow of grief had washed over him for 20 years. But in 2016, when his brother was killed by gunfire, Williams reached out to a grief counselor for help coping.

Now, Williams serves on the board for the organization where he once sought solace, and he's trying to provide that same kind of support to others. But the demand is far outpacing the supply of counselors because of spiking crime.

With more than 270 homicides in Philadelphia during the first half of 2021, the city has been outpacing the number of murders in 2020, when 499 people were killed, mostly from gunfire -- the highest homicide numbers in more than two decades. The number of people injured in shootings has also exploded

over the past 18 months.

Williams is chairman of the board for the Anti-Violence Partnership of Philadelphia, which provides counseling services to people affected by violence. He said there were 174 people on the waitlist at the end of June, compared with about 30 people at the same time last year.

Executive Director Natasha McGlynn said that since September, the agency has provided counseling services

to 425 teenagers who have lost family or friends, or who have themselves survived gunfire. She said counselors are seeing layers of trauma and revictimization as gun violence increases.

Crime has been spiking nationwide after it plummeted in the early months of the pandemic, with many cities seeing the type of double-digit increase in gun violence that is plaguing Philadelphia. The Biden administration has sent strike forces to Chicago, Los Angeles, New York, San Francisco and Washington, D.C., to help take down gun networks.

Biden has encouraged states to use COVID-19 relief money to hire police or additional counselors. Philadelphia is one of 15 cities nationwide joining a federal effort to expand and enhance community violence interruption programs. Williams' group and others that provide counseling to victims are applying for grants to hire more counselors.

Lynn Lindy, chief knowledge and learning officer at the American Counseling Asso-

ciation, said there was already a shortage of mental health professionals, especially in rural areas, when the coronavirus hit. Add the economic, emotional and other losses from the pandemic and lockdown, and now waves of gun violence in small and large cities across the country, and Lindy says most mental health professionals are stretched to their limit.

For the counselors at places such as Philadelphia's AVP, who only treat people experiencing trauma and loss from violence, the rise in violent crime is the reason they are stretched thin.

There were more than 1,800 people wounded by gunfire in Philadelphia last year. As the hot summer months that typically bring more gun violence begin, the city has already reported close to 900 gunshot victims in 2021 -- 150 more than the same time in 2020.

Adam Garber, executive director of CeaseFirePA, a statewide nonprofit group working to end gun violence, said people see the homicides above the surface, like an ice-

berg. All below the surface are the other effects of gun violence: the lifelong injuries, the trauma, the fear that forces parents to keep their children indoors.

Elinore Kaufman, assistant professor of surgery at the Hospital of the University of Pennsylvania and the Presbyterian Medical Center of Philadelphia, said there are two times to three times more gunshot survivors than fatalities at her trauma center. Survivors have increased as trauma treatment has improved.

She said the hospital is working on a program to provide patients with a peer mentor to help them connect to programs that offer help including counseling, applying for victims' assistance or finding education and a new career if their injuries prevent them from returning to their jobs.

"We send people back to situations that were not safe to begin with. And they are traumatized and hurt and probably at a higher risk than they were in the first place," she said.

12 killed as bus carrying migrants overturns in east Turkey

(AP) — A minibus carrying migrants overturned and caught fire in eastern Turkey, killing 12 people and injuring 20 others, the state-run Anadolu news agency reported Sunday.

The vehicle tumbled into a ditch while traveling overnight near Yumakli in Van province, which borders Iran.

Television broadcasts showed groaning survivors being treated by the roadside as

emergency workers sifted through the burnt-out wreckage.

Migrants, mostly from Iran, Afghanistan and Pakistan, regularly cross the Iranian border into Turkey on foot

before being ferried west to cities such as Istanbul and Ankara.

The planned U.S. withdrawal from Afghanistan has given added impetus to young men trying the moun-

tainous route, according to Metin Corabatir, president of the Ankara-based Center for Asylum and Migration Studies.

In June 2020, more than 60 migrants drowned in Lake Van when their boat sank.

EU border agency to “significantly” step up Lithuania help

(AP) — The European Union’s border agency is pledging to “significantly” step up its support to Lithuania in the coming days “due to the growing migratory pressure at Lithuania’s border with Belarus” that the Baltic nation is trying to contain.

The decision by Frontex, the agency responsible for coordinating border control between EU member states and third countries, was announced late Saturday following a video call between Frontex’s Executive Director Fabrice Leggeri and Lithuanian President Gitanas Nauseda.

“Lithuania’s border is our common external border and Frontex stands ready to help where needed,” Leggeri said in a statement. “We are ready to strengthen our level of support and deploy more European standing corps officers and equipment” to Lithuania, an EU and NATO member of 2.8 million.

Frontex’s operation, which

started earlier this month with the deployment of a dozen officers and patrol cars, will more than double next week, the agency said.

Nauseda’s office said reinforcements pledged by Frontex were expected to reach Lithuania by July 15 and that some armed border patrols and additional translators arrived over the weekend. In addition, a patrol helicopter will be sent to Lithuania from neighboring Poland and discussions were under way to dispatch another helicopter from Germany, Nauseda’s

office said.

In a tweet, Nauseda thanked Frontex for its support “to manage flows of illegal migrants through eastern border” with Belarus, another former Soviet republic that is not in the EU.

Lithuania, which has granted refuge to Belarus opposition figures, accuses its neighbor of organizing the border crossings by people mainly from Iraq, the Mideast and Africa.

In June, the number of ille-

gal border crossings from Belarus into Lithuania rose six-fold, increasing the pressure on national border control authorities, Frontex said. The phenomenon has accelerated in July. More than 1,500 people have crossed into Lithuania from Belarus in the past two months — 20 times more than in all of 2020.

Tensions between the EU and Belarus escalated even more after Belarus diverted a passenger jet on May 23 to arrest an opposition journalist. Belarus’ authoritarian President Alexander Lukashenko has said his country will halt cooperation with the 27-nation bloc on stemming migration in retaliation for bruising economic sanctions the EU slapped on Belarus over the passenger jet diversion.

On Friday, Lithuania started building a double barbed wire fence on the Belarus border. It will run for 550 kilometers (342 miles), covering most of the nearly 680-kilometer (423-mile) border and cost 41 million euros (\$48 million), according to Lithuanian au-

thorities.

In addition, Lithuania has set up tent camps to accommodate the growing number of migrants.

Nauseda, on a visit to Poland on Sunday, said that “technical steps are necessary to make the border work and be a real barrier, because now it can be easily crossed.”

Nauseda said Lithuania was talking to the governments of the countries where the migrants come from and also with transit countries like Turkey in order to “curb the (illegal migration) process that is being supported by the Belarusian regime.”

“It is a kind of revenge for EU sanctions,” Nauseda said in Krakow, following talks with Poland’s President Andrzej Duda.

Duda said Poland will “extend the necessary assistance” to Lithuania and was talking about the best way to do that with Frontex.

South Africa faces rioting over jailing of ex-leader Zuma

(AP) — Violent rioting has erupted in two South African provinces against the imprisonment of former President Jacob Zuma, with supporters blocking roads and looting shops. At least 62 people were arrested, South Africa police said Sunday.

Zuma started serving a 15-month sentence for contempt of court last week. Zuma has been imprisoned for defying a court order to testify before a state-backed inquiry probing allegations of corruption during his term as president from 2009 to 2018.

His bid to be released from the Estcourt Correctional Center was rejected by a regional court on Friday. He is set to make another attempt Monday with the Constitutional Court, the country’s

highest court.

The rioting by Zuma’s sup-

porters began in his home region of KwaZulu-Natal province last week and

over the weekend spread to Gauteng province, which includes Johannesburg, South

Africa’s largest city.

Several hundred people looted and burned stores in the Alexandra and Bramley neighborhoods of Johannesburg, according to a statement by police Maj. Gen. Mathapelo Peters.

The body of a 40-year-old man was recovered from a shop that had been burned and police are investigating the circumstances, he said. In addition, at least three police officers were injured when trying to arrest looters and one was hospitalized, according to the statement.

Police said they are increasing capacity in both provinces and warned Zuma’s supporters against inciting violence on social media, saying they could become liable for criminal charges.

Bosnia commemorates 26th anniversary of Srebrenica massacre

(AP) — Nineteen newly identified victims were honored and buried Sunday in Bosnia as thousands gathered to commemorate the 1995 Srebrenica massacre, Europe's only acknowledged genocide since World War II.

The slaughter of more than 8,000 Muslim Bosniaks, most of them men and boys, by Bosnian Serb forces was commemorated in speeches, prayers and song, followed by the reburial of victims whose remains were found in mass graves and recently identified through DNA analysis.

The Srebrenica killings were the bloody crescendo of the 1992-95 war in Bosnia, which came after the break-up of Yugoslavia unleashed nationalistic passions and territorial

ambitions that set Bosnian Serbs against the country's two other main ethnic factions — Croats and Bosniaks.

The massacre has been declared a genocide by international and national courts, but Serb leaders in Bosnia and neighboring Serbia continue to downplay or even deny it despite the irrefutable evidence of what happened.

"Sadly, for more than two decades now, denying the genocide in Srebrenica has been a go-to tool for making sure that the people (of Bosnia) are kept divided between us and them. This is precisely the division that has brought so much suffering to so many lives" in the 1990s, said Judge Carmel Agius, president of the U.N. court that is completing war crimes trials

stemming from the breakup of Yugoslavia.

"The denial of crimes still shocks me to my core," he added. "It is a repudiation of the lived experiences of the victims as well as the facts repeatedly established by international tribunals."

Agius and other regional and international officials addressed, through video messages, the survivors and others gathered in Srebrenica.

Twenty six years after they were brutally murdered, 16 men, two teenage boys and a woman were laid to rest at a memorial cemetery at the entrance to Srebrenica, joining more than 6,600 other massacre victims already reburied there.

Suhra Salihovic attended the collective funeral to bury her niece, Zilha Delic, who was 24 when she and her husband were killed in July 1995 while trying to flee Srebrenica on foot after the U.N.-protected enclave was overrun by Bosnian Serb forces.

"Her mother died last year. She did not live long enough to see her get a proper burial," Salihovic said.

"It is impossible to explain how much pain we carry ... my two sons and husband and almost all of my other (male) relatives were also killed" in the massacre, she added.

The Bosnian Serb wartime political leader Radovan Karadzic and his military commander Ratko Mladic

were both convicted of genocide in Srebrenica by a special U.N. war crimes tribunal in The Hague. In all, the tribunal and courts in the Balkans have sentenced close to 50 Bosnian Serb wartime officials to more than 700 years in prison for the Srebrenica killings.

However, most Serbian and Bosnian Serbs officials still celebrate Karadzic and Mladic as national heroes. In fact, Bosnian Serb political leaders have consistently prevented the country from adopting a law that would ban genocide denial, as well as one declaring July 11 a national day of mourning.

On the eve of the 26th massacre anniversary, the Serb member of Bosnia's presidency, Milorad Dodik, once again denied that what happened in Srebrenica in 1995 was a genocide, telling a local newspaper that the mourners are "burying empty coffins."

The statement was considered particularly vile because families of the massacre victims were burying just a handful of bones, as the remains of their loved ones are typically found scattered over several different mass graves, sometimes miles apart, since Bosnian Serb forces tried to cover-up their crimes.

Protests erupt in Georgia after beaten journalist dies

(AP) — Several thousand people protested in front of the Georgian parliament on Sunday evening, demanding that the ex-Soviet nation's prime minister resign over the death of a journalist who was attacked and beaten by anti-LGBT protesters.

Cameraman Alexander Lashkarava was found dead in his home by his mother earlier Sunday, according to the TV Pirveli channel he worked for. Lashkarava was one of several dozen journalists attacked last Monday by opponents of an LGBT march that had been scheduled to take place that day in the Georgian capital of Tbilisi.

Organizers of the Tbilisi March For Dignity cancelled the event, saying authorities had not provided adequate security guarantees. Oppo-

nents of the march blocked off the capital's main avenue, denounced journalists covering the protest as pro-LGBT propagandists and threw sticks and bottles at them.

Lashkarava, according to his colleague Miranda Baghatu-

ria, was beaten by a mob of 20 people. Local TV channels later showed him with bruises on his face and blood on the floor around him. Media reports say he sustained multiple injuries and had to undergo surgery but was discharged from a hospital on

Thursday.

The cause of his death was not immediately clear.

Police launched an investigation into Lashkarava's death, which Georgia's Prime Minister Irakli Garibashvili and

President Salome Zurbashvili both described as "a tragedy."

Animosity against sexual minorities is strong in the conservative Black Sea nation of Georgia.

The Tbilisi Pride group said Monday that opponents of the planned march were supported by the government and by the Georgian Orthodox Church. The Open Caucasus Media group published a photo of a man it said was a local TV journalist being pulled away from the scene in a headlock by an Orthodox priest.

Zurbashvili condemned the violence, but Garibashvili alleged the march was organized by "radical opposition" forces that he claimed were led by exiled former President Mikheil Saakashvili.

4 arrested, guns seized at hotel near All-Star Game events

(AP) — Four people have been arrested and more than a dozen weapons and hundreds of rounds of ammunition have been seized at a downtown Denver hotel that is close to several events planned in conjunction with the upcoming Major League Baseball All-Star Game.

Officers responding to a tip searched two rooms at the Maven Hotel, a block from Coors Field, on Friday night. Three men and a woman in their 40s were arrested, and two vehicles were impounded to be searched for evidence.

The recovered weapons included several rifles, a law enforcement official told The Associated Press.

So far, investigators have not found any evidence to suggest the group was plotting a mass shooting or other similar attack, the official said, while cautioning that the investigation is still in its early

stages. The official could not discuss the matter publicly and spoke to the AP on condition of anonymity.

Authorities were called after an employee found the guns in a hotel room, the official said.

The men who were arrested are being investigated for possession of a weapon by a previous offender, and the woman, who has a separate warrant, is being investigated on a drug charge.

“We have no reason to believe this incident was connected to terrorism or a threat directed at the All-Star Game,” the FBI said in a statement released Sunday. “We are not aware of any threat to the All-Star Game events, venues, players or the community at this time.”

Meanwhile, Mayor Michael Hancock and police Chief Paul Pazen praised the hotel’s staff for alerting authorities and sought to ease any concerns that the area around the ballpark is unsafe. They

declined to say what, if anything, the suspects were planning to do with the firearms.

“We don’t know what we don’t know. That’s what the investigation is all about,” Pazen said during a news conference. “We need to identify exactly, to the extent possible,

why (the) individuals were here in the first place, why (the) proximity to downtown. We don’t have those answers.”

Coors Field will host the All-Star Game on Tuesday, but festivities have been underway in and around the ball-

park and downtown for the past several days.

Police said in a statement that visitors should always be aware of their surroundings and report any suspicious or illegal behavior.

UEFA explores expanding European Championship to 32 teams

(AP) — Buoyed by the success of this year’s European Championship, UEFA is exploring whether to expand the event again to create a 32-team tournament.

The review of the format comes as the bidding process is being put in place for Euro 2028 with a decision on the hosting set to come by the end of 2023.

It was only in 2016 that the tournament jumped from 16 to 24 teams. But UEFA is starting to analyze the feasibility of 32 of its 55 member nations contesting the European Championship from 2028, people with knowledge of the process told The Associated Press. They spoke on condition of anonymity because they were not authorized to discuss private discussions.

There would be a knock-on effect for qualifying if UEFA went ahead with adding eight teams. The format would have to be overhauled or scrapped since more than half of the countries making the final cut would further diminish the value and interest in the existing structure where the continent’s teams

are split into 10 groups.

Even with 24 teams now reaching the final tournament, the current pathway creates lopsided games that lack appeal to elite sides whose qualification would be a near-certainty and are less attractive commercially and to fans.

Euro 2020 finalist England scored 12 goals and conceded only one in two qualifiers against Montenegro. Italy, England’s opponent in Sunday’s final, played Liechtenstein in qualifying and won 6-0 and 5-0.

The option of pre-qualifying tournaments to weed out weaker nations has been floated, as is used in Asia and North America for their continental competitions.

UEFA could build on the early popularity of the new Nations League competition that splits teams into sections based on their rankings, ensuring more tightly-contested games that would be more appealing to broadcasters. Ultimately, it could replace the European Championship qualifying system while configured to ensure leading nations still have a clear route to the finals.

A reason to expand from 24 to 32 teams is also to smooth out the format at the final tournament.

With 16 teams from 1996-2012, the top two from the four groups advanced to the quarterfinals. The insertion of a round of 16 from Euro 2016 featured the top two

from the six groups and the four best third-place teams. That has meant Switzerland, for example, having to wait around after its final group games at Euro 2016 to discover if it has advanced.

A 32-team European Championship would reduce that jeopardy further in the group stage. It would be unlikely France, Germany and Portugal would be drawn together like at Euro 2020 — they still all advanced.

Expanding the competition would see UEFA follow the path of FIFA, which is enlarging the World Cup from 32 to 48 teams from 2026. A review of the qualification process for tournaments comes as FIFA oversees the configuration of a new international match calendar

for men’s soccer after 2024, featuring the slots when domestic clubs have to release players.

While there are sporting reasons to make tournaments bigger, it also helps the governing body leaders appeal to the nations who vote them into office and would see their chances of qualifying increase.

There is no clear timeline of when UEFA could decide on expanding the European Championship. Italy, which last hosted a major tournament in 1990 when the World Cup was there, has been considered a potential Euro 2028 bidder but its stadiums would require significant investment to be upgraded to cope with even a 24-team event.

Russia has the infrastructure in place after investing vast amounts ahead of hosting the 2018 World Cup. Turkey could return with another bid after missing out on 2012 and 2016, and proving accommodating with UEFA’s need to take the Champions League final away from Istanbul in 2020 and again this year because of the coronavirus pandemic.

20 Slams! Djokovic wins Wimbledon to tie Federer, Nadal

(AP) — The Wimbledon final was locked up at a set apiece after nearly 2 1/2 hours, and Novak Djokovic's bid for a record-tying 20th Grand Slam title was at a critical juncture, when he faced two break points while thousands in the full-capacity crowd at Centre Court chanted his opponent's first name.

Bothered, perhaps, by the challenge he was facing between the lines Sunday, and, perhaps, by the support being thrown behind Matteo Berrettini, and, perhaps, by the weight of the milestone he was pursuing, Djokovic shrugged all of that off and steeled himself, as he's done so many times at so many moments on so many stages.

On each of the next two points, Djokovic, known for his baseline supremacy, charged forward. On each, Berrettini's passing attempt found the net. After the second, Djokovic stared into the stands and pointed to his ear, then waved his racket. He

got what he wanted; a chorus of his nickname broke out: "No-le! No-le!" Two points later, when he grabbed the game with a 118 mph ace, Djokovic put his racket behind an ear, heard more noise, nodded and smiled.

An hour later, the match was finished — Djokovic won 6-7 (4), 6-4, 6-4, 6-3 — and so, too, was his stated desire to equal the total of major championships collected by his biggest rivals, Roger Fe-

derer (who reached 20 in 2018) and Rafael Nadal (who did it last year). No other male tennis player has more than 14.

Djokovic, of course, wants more.

"I consider myself best, and I believe that I am the best, otherwise I wouldn't be talking confidently about winning Slams and making history," said Djokovic, a 34-year-old from Serbia who is ranked

No. 1 and has spent more weeks in that top spot than any other man. "But whether I'm the greatest of all time or not, I leave that debate to other people."

It is a popular topic, certainly. And every member of the so-called Big Three has his supporters. This season might tilt the balance in Djokovic's favor in the minds of those yet to be convinced.

Already the first man since Rod Laver in 1969 to win the first three major tournaments in a year, Djokovic will take aim at a true calendar Grand Slam at the U.S. Open, which starts Aug. 30. Only two men — Don Budge in the 1930s and Laver twice in the 1960s — have gone 4-for-4.

"I'm going to definitely give it a shot," Djokovic told the Centre Court crowd during the trophy presentation. "I'm in a great form and obviously playing well. ... So let's keep it going."

He earned a third consecu-

tive championship at the All England Club and sixth overall. Those go alongside nine at the Australian Open, three at the U.S. Open and two at the French Open.

"I have to pay a great tribute to Rafa and Roger. They are legends. Legends of our sport. They are the two most important players that I ever faced in my career," Djokovic said. "They are, I think, the reason that I am where I am today. They've helped me realize what I need to do in order to improve, to get stronger mentally, physically, tactically."

Federer tweeted his congratulations, writing, "Wonderful performance, well done!"

This was Djokovic's 30th major final — among men, only Federer has played more, 31 — and the first for Berrettini, a 25-year-old from Italy who was seeded No. 7.

"Hopefully," Berrettini said, "it's not going to be my last one."
